MEMORANDUM FOR ALL VANDENBERG

FROM: SLD 30/CC

SUBJECT: SLD 30 Environmental Commitment Statement

1. Every action, direct or indirect, taken within Vandenberg SFB resonates with consequences affecting not only our environment but also national security. In unwavering adherence to AFI 32-7001 Environmental Management Systems (EMS), Vandenberg SFB embraces its responsibilities of safeguarding the environment, preventing pollution, and continually advancing our efforts in these areas. These imperatives are primary responsibilities engaged within or serving the installation, regardless of their role or capacity.
2. Vandenberg SFB steadfastly pledges to attain environmental excellence through:
 - a. Astutely managing our unique natural and cultural resources;
 - b. Adhering to all pertinent environmental legislation and requirements;
 - c. Cultivating an environmentally-conscious workforce through education and awareness;
 - d. Designing and sustaining programs that minimize Vandenberg's environmental footprint;
 - e. Establishing and analyzing environmental quality objectives and targets; and
 - f. Acknowledging the interplay between work processes' environmental impacts and national security.
3. Every member of the Vandenberg SFB community is accountable for adhering to this environmental guidance in alignment with their specific roles and responsibilities in all daily operations.
4. Please direct any questions to Mr. Andrew Edwards, Vandenberg SFB EMS Coordinator, at 805-606-0016 or visit eDASH at <https://usaf.dps.mil/teams/10625/Vandenberg/SitePages/Home.aspx>.
